(3) contain appropriate documentation related to the complaint.

(h) If the nonpublic school official is dissatisfied with the decision of the division of special education, the official may submit a complaint to the Secretary of the United States Department of Education by providing the information on noncompliance described in subsection (g)(2) and (g)(3). The division of special education must forward appropriate documentation to the Secretary of the United States Department of Education.

511 IAC 7-34-5 Decisions regarding services provided by the public agency and service plans

Sec. 5. (a) After consulting with nonpublic school representatives and representatives of parents as described in section 3 of this rule, the public agency must make final decisions with respect to the services that will be provided to nonpublic school students with disabilities.

(b) If the public agency, when making final decisions in subsection (a), disagrees with the views of the nonpublic school officials on the provision of services or the types of services, whether provided directly or through a contract, the public agency must provide to the nonpublic school officials a written explanation of the reasons why the public agency chose not to accept the recommendations of the nonpublic school officials.

(c) For each parentally-placed student in a nonpublic school or facility that has been determined eligible to receive special education and related services from the public agency, the public agency must initiate and conduct CCC meetings to develop and implement service plans. A service plan must describe the specific special education and related services that the public agency will provide to the student in light of the services that the public agency has determined, through the consultation process described in section 3 of this rule, it will make available to parentally-placed nonpublic school students with disabilities.

(d) When conducting a CCC meeting to develop, review, and revise a service plan, the public agency must comply with the following:

- (1) 511 IAC 7-42-2 regarding notice of CCC meetings.
- (2) 511 IAC 7-42-3 regarding CCC participants, which requires the public agency to ensure that a representative of the nonpublic school or facility attend the CCC meeting. If the representative cannot attend, the public agency must use other methods to ensure participation of the representative, such as individual or conference telephone calls.

(e) Parentally-placed nonpublic school students with disabilities may receive a different amount of services under a service plan than public school students receive under an IEP. However, a service plan must include the following:

- (1) A statement of the student's present levels of educational performance.
- (2) A statement of measurable annual goals related to the services that will be provided, describing what the student can be expected to accomplish within a twelve (12) month period.
- (3) A statement of the special education and related services and supplementary aids and services to be provided to the student or, on behalf of the student, by the public agency, or supports for school personnel that will be provided.
- (4) If applicable, a statement regarding the student's participation in statewide or district assessments, including documentation of any appropriate testing accommodations that will be utilized by the student, according to the requirements in 511 IAC 7-36-10.
- (5) The projected dates for initiation of services by the public agency and the anticipated length, frequency, location, and duration of services.
- (6) A statement of the student's progress toward annual goals including how the parents will be informed of the progress.

(f) Special education and related services provided by the public agency to parentally-placed nonpublic school students with disabilities must be provided by personnel meeting the same standards as personnel providing services in the public schools, except that nonpublic elementary school and secondary school teachers who are providing services under section 7(j) of this rule do not have to meet the highly qualified special education teacher requirements in 511 IAC 7-36-3.

(g) If a student is enrolled, or is going to enroll in a nonpublic school outside of the student's school district of legal settlement, parental consent as defined in 511 IAC 7-32-17 must be obtained before any personally identifiable information about the student is released between public agency officials in the school district of legal settlement and the school district where the nonpublic school is located.

511 IAC 7-34-6 Due process hearings and complaints

Sec. 6. (a) The procedures for mediation in 511 IAC 7-45-2 and the procedures for due process hearings and appeals in 511 IAC 7-45-3 through 511 IAC 7-45-11 are not available to resolve disputes regarding the requirements set forth in this rule, unless the dispute concerns one (1) of the following issues:

- (1) Child find.
- (2) The appropriateness of an evaluation or reevaluation.
- (3) The determination of eligibility for special education and related services.

(b) A request for a due process hearing regarding the issues set forth in subsection (a) must be sent simultaneously to the superintendent of public instruction and the public agency in which the nonpublic school or facility is located, unless the:

- (1) request for due process concerns the appropriateness of an initial evaluation or the determination of eligibility for special education and related services, or both; and
- (2) initial evaluation and determination of eligibility were conducted by the school district of legal settlement.

(c) If the request for a due process hearing concerns the issues set forth in subsection (b)(1) and (b)(2), the request must be sent simultaneously to the superintendent of public instruction and the public agency of legal settlement.

(d) A complaint that a public agency has failed to meet the requirements of this rule may be filed under the procedures described in 511 IAC 7-45-1, except for complaints filed by nonpublic school officials under section 4(f) of this rule, which must be filed in accordance with section 4(f) through 4(h) of this rule.

511 IAC 7-34-7 Requirements pertaining to Part B funds

Sec. 7. (a) A public agency must do the following:

- (1) Offer services to each student who is:
 - (A) eligible to receive special education and related services; and
 - (B) parentally-placed by his or her parent in a nonpublic school within the boundaries of the public agency. Public agencies may use state funds and Part B funds to provide services under this rule.
- (2) Control and administer Part B funds that are used to provide special education and related services under this rule.
- (3) Determine the number of parentally-placed nonpublic school students with disabilities attending nonpublic schools located in the public agency. The count:
 - (A) must be conducted annually on December 1; and
 - (B) is used to determine the amount of Part B funds that the public agency must spend on providing special education and related services to parentally-placed nonpublic school students with disabilities in the next subsequent school year.
- (4) Spend a proportionate share of its Part B funds to serve parentally-placed nonpublic school students with disabilities. The proportionate amount of Part B funds must be calculated according the specifications set forth in subsections (b) through (e).

(b) The public agency, in providing special education and related services to students in nonpublic schools and facilities, must expend at least an amount that is the same proportion of the public agency total subgrant under 20 U.S.C. 1411(f) as the number of nonpublic school students with disabilities, who are enrolled by their parents in nonpublic schools or facilities within its boundaries, is to the total number of students with disabilities of the same age range.

(c) To calculate the proportionate amount of Part B funds specified in subsection (b), the public agency must take the following steps:

- (1) Using data from the previous calendar year's December 1 count, divide the number of parentally-placed nonpublic school students with disabilities by the total number of students with disabilities (public school and nonpublic school students).
- (2) The quotient obtained in subdivision (1) is multiplied by the public agency's current total subgrant under 20 U.S.C. 1411(f).
- (3) The product obtained in subdivision (2) equals the public agency's proportionate amount of Part B funds that must be spent on parentally-placed nonpublic school students.

(d) For students three (3) years of age through five (5) years of age, the public agency, in providing special education and related services to students in nonpublic schools and facilities, must expend at least an amount that is the same proportion of the public agency total subgrant under 20 U.S.C. 1419(g) as the number of nonpublic school students with disabilities three (3) years of age through five (5) years of age who are enrolled by their parents in nonpublic schools or facilities that meet the definition of elementary school in 511 IAC 7-32-33 within its boundaries, is to the total number of students with disabilities three (3) years of age through five (5) years of age.

(e) To calculate the proportionate amount of Part B funds specified in subsection (d), the public agency must take the following steps:

(1) Using data from the previous calendar year's December 1 count, divide the number of parentally-placed students with disabilities three (3) years of age through five (5) years of age, who attend nonpublic schools that meet the definition of an elementary school in 511 IAC 7-32-33, by the total number of students with disabilities three (3) years of age through five (5) years of age (public school and nonpublic school students).

(2) The quotient obtained in subdivision (1) is multiplied by the public agency's current total subgrant under 20 U.S.C. 1419(g).

(3) The product obtained in subdivision (2) equals the public agency's proportionate amount of Part B funds that must be spent on parentally-placed nonpublic school students three (3) years of age through five (5) years of age who attend nonpublic schools that meet the definition of elementary school in 511 IAC 7-32-33.

(f) A public agency must calculate the proportionate share of Part B funds before designating funds for early intervening services.

(g) State and local funds may supplement but in no case supplant the proportionate share of Part B funds required to be expended for parentally-placed nonpublic school students with disabilities under this rule.

(h) If a public agency has not expended all of the proportionate amount of Part B funds described in subsections (b) through (e) by the end of the fiscal year for which the division of special education allocated the funds, the public agency must obligate the remaining funds for special education and related services, including direct services, to parentally-placed nonpublic school students with disabilities during a carryover period of one (1) additional year.

(i) Expenditures for child find activities, including the cost of individual evaluations and reevaluations, shall not be considered in determining whether the public agency has met the proportionate share requirement in this section.

(j) The public agency shall not use the Part B funds to do the following:

(1) Fund existing levels of instruction currently provided by the nonpublic school or facility, or otherwise benefit the nonpublic school.

(2) Meet the needs of the nonpublic school or facility.

(3) Meet the general needs of the students enrolled in the nonpublic school or facility.

(4) Fund classes that are organized separately on the basis of school enrollment or religion of the students if the classes:

(A) are at the same site; and

(B) include students enrolled in public schools and students enrolled in nonpublic schools.

(k) The public agency may use Part B funds for the following:

(1) To make public school personnel available in places other than public facilities:

(A) to the extent necessary to provide special education and related services to students with disabilities in nonpublic schools or facilities; and

(B) if those services are not normally provided by the nonpublic school or facility.

(2) To pay for the services of an employee of the nonpublic school or facility to provide special education and related services if the employee performs the services:

(A) outside of the employee's regular hours of duty; and

(B) under public supervision and control.

511 IAC 7-34-8 Requirements pertaining to services, location of services, and transportation

Sec. 8. (a) Special education and related services provided by a public agency to parentally-placed nonpublic school students, including materials and equipment, must be:

(1) secular;

(2) neutral; and

(3) nonideological.

(b) Special education and related services delivered under this rule must be provided:

- (1) by employees of a public agency; or
- (2) through a contract by the public agency with an:
 - (A) individual;
 - (B) association;
 - (C) agency;
 - (D) organization; or
 - (E) other entity.

(c) After consulting with nonpublic school representatives and representatives of parents as described in section 3 of this rule, the public agency must make final decisions with respect to where services will be provided. Services to students in nonpublic schools or facilities may be provided at:

- (1) the nonpublic school or facility, including a religious school;
- (2) the public school; or
- (3) a neutral site.

(d) If services are provided at the public school or a neutral site and transportation is necessary, the public agency must provide transportation from the:

- (1) nonpublic school or the student's home to a site other than the nonpublic school or facility; and
- (2) service site to the nonpublic school or the student's home, depending on the timing of the services.

(e) The public agency may, but is not required to, transport the student from the student's home to the nonpublic school.

(f) The cost of transportation may be included in the calculation of the public agency's proportionate share requirement, as specified in section 7 of this rule.

511 IAC 7-34-9 Property, equipment, and supplies for the benefit of nonpublic school students

Sec. 9. (a) The public agency must hold title to and exercise continuing administrative control of all:

- (1) property;
- (2) equipment; and
- (3) supplies;

the public agency acquires with Part B funds for the benefit of nonpublic school students with disabilities.

(b) The public agency may place equipment and supplies in a nonpublic school for the period of time needed to provide special education and related services. The public agency must ensure that the equipment and supplies:

- (1) are used only for the provision of special education and related services; and
- (2) can be removed from the nonpublic school without remodeling the nonpublic school facility.

(c) The public agency must remove equipment and supplies from a nonpublic school if:

- (1) the equipment and supplies are no longer needed for the provision of special education and related services; or
- (2) removal is necessary to avoid unauthorized use of the equipment and supplies for other than the provision of special education and related services.

(d) No Part B funds may be used for:

- (1) repairs;
- (2) minor remodeling; or
- (3) construction;

of nonpublic school facilities.

511 IAC 7-34-10 Reimbursement for parent's unilateral enrollment of a student in a nonpublic school or facility when the public agency's provision of a free appropriate public education is in dispute

Sec. 10. (a) This section does not require the public agency to pay the cost of education, including special education and related services, of a student with a disability at a nonpublic school or facility if the:

- (1) public agency made a free appropriate public education available to the student; and
- (2) parent elected to place the student in a nonpublic school or facility.

However, the public agency must include the student in the population whose needs are addressed in sections 1 through 9 of this rule.

(b) Disagreements between a parent and a public agency regarding the availability of a program appropriate for the student, and the question of financial reimbursement, are subject to the due process procedures in 511 IAC 7-45-3 through 511 IAC 7-45-11.

(c) If the parents of a student with a disability, who previously received special education and related services under the authority of the public agency, enroll the student in a nonpublic preschool, elementary school, or secondary school without the consent of or referral by the public agency, the parent may seek reimbursement for the costs of the nonpublic school or facility from the public agency.

(d) If the parent and the public agency cannot reach agreement on the issue of reimbursement, either may request a due process hearing under 511 IAC 7-45-3 to resolve the issue.

(e) The independent hearing officer or the court may require the public agency to reimburse the parent for the cost of the nonpublic school enrollment if the hearing officer or court finds both of the following:

- (1) The public agency did not make a free appropriate public education available to the student in a timely manner prior to enrollment in the nonpublic school or facility.
- (2) The nonpublic placement is appropriate.

(f) The hearing officer or the court may find that the nonpublic placement made by the parent is appropriate even if the placement does not meet the state standards that apply to education provided by public agencies.

(g) The hearing officer or the court may reduce or deny reimbursement to the parents in the following instances:

(1) If:

(A) at the most recent CCC meeting that the parents attended prior to removal of the student from the public agency, the parents did not inform the CCC that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to the student, including stating their concerns and their intent to enroll the student in a nonpublic school at public expense; or

(B) at least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the student from the public agency, the parents did not give written notice to the public agency of the information described in clause (A).

(2) If, prior to the parent's removal of the student from the public agency, the public agency informed the parent, through the notice requirements of 511 IAC 7-40-4(e), of its intent to evaluate the student, including a statement of the purpose of the evaluation that was appropriate and reasonable, but the parent did not make the student available for evaluation.

(h) The hearing officer or the court must not reduce or deny the reimbursement if the parent failed to provide the written notice described in subsection (g)(1), if the hearing officer or the court finds any of the following:

- (1) Compliance with subsection (g)(1) would likely result in physical harm to the student.
- (2) The public agency prevented the parent from providing the notice described in subsection (g)(1).
- (3) The parent had not received notice of procedural safeguards, under 511 IAC 7-37-1, containing the notice requirement of subsection (g)(1).

(i) The hearing officer or the court, in its discretion, may decide not to reduce or deny reimbursement if the parent failed to provide the written notice described in subsection (g)(1) if:

- (1) the parents are not literate or cannot write in English; or
- (2) compliance with subsection (g)(1) would likely result in serious emotional harm to the student.

(j) The cost of reimbursement may be reduced or denied upon a judicial finding of unreasonableness with respect to the actions taken by the parents.

 - (D) demonstrates satisfactory progress toward full licensure as prescribed by the state; and

(2) state ensures, through its licensure process, that the provisions in subdivision (1) are met.

(c) Special education teachers who do not teach core academic subjects only have to meet the highly qualified special education teacher requirements in subsection (a). A special education teacher does not teach core academic subjects if the special education teacher:

(1) is a co-teacher who:

(A) works within the general education setting in which a highly qualified general education teacher provides instruction to the class on core academic elementary content or a core academic middle, junior high, or high school subject; and

(B) provides direct assistance to students with disabilities via individualized or small group instruction as a support to the highly qualified teacher's instruction;

(2) is a consultant teacher who provides consultation, such as:

to highly qualified general education teachers of core academic elementary content or a core middle, junior high, or high school academic subject;

(3) is a resource room teacher who provides direct assistance to students with disabilities, such as tutoring and reinforcement of content provided in the general education setting, in segregated settings after the students receive instruction on core academic elementary content or a core academic middle, junior high, or high school subject from a highly qualified general education teacher; or

(4) provides direct instruction to students with disabilities on noncore academic subjects, such as:

(A) life skills;

(B) study skills; and

(C) community based instruction.

(d) Special education teachers who teach core academic subjects, as defined in 511 IAC 7-32-21, must be highly qualified as a special education teacher under subsection (a) and highly qualified in the core academic subjects under 511 IAC 7-32-44. Special education teachers teach core academic subjects in the following situations:

(1) The special education teacher is the primary teacher providing instruction to elementary students in the core academic elementary content.

(2) The special education teacher is the primary teacher providing instruction to middle, junior high, or high school students in a core academic subject.

(3) The special education teacher team teaches in the general education setting alongside a highly qualified teacher of elementary academic content or a core academic middle, junior high, or high school subject, and the teachers share responsibilities for the:

(A) design and delivery of instruction; and

(B) evaluation of student performance.

(e) Special education teachers who teach core academic subjects exclusively to students who are assessed against alternate achievement standards must meet the requirements in subsection (a) and, whether they are a new or a veteran teacher, may either meet the:

(1) applicable requirements of 511 IAC 7-32-44 for any new or veteran elementary, middle, junior, or high school teacher; or

(2) requirements of 511 IAC 7-32-44(b)(2) or 511 IAC 7-32-44(b)(3) as applied to an elementary school teacher and, in the case of instruction above the elementary level, have subject matter knowledge appropriate to the level of instruction being provided, as determined by the state.

(f) Special education teachers who teach two (2) or more core academic subjects exclusively to students with disabilities (including students assessed against alternative achievement standards) must meet the requirements in subsection (a) and may either:

(1) meet the applicable requirements of 511 IAC 7-32-44(b)(2) or 511 IAC 7-32-44(b)(3);

(2) in the case of a veteran teacher, demonstrate competence in all the core academic subjects in which the teacher teaches in the same manner as is required for a veteran elementary, middle, junior high, or high school teacher under 511 IAC 7-32-44, which may include a single, high objective uniform state standard of evaluation (HOUSSE) covering multiple subjects; or

(3) in the case of a new special education teacher who:

(A) teaches multiple subjects; and

(B) is highly qualified in mathematics, language arts, or science; demonstrate, not later than two (2) years after the date of employment, competence in the other core academic subjects in which the teacher teaches in the same manner as is required for an elementary, middle, junior high, or high school teacher under 511 IAC 7-32-44, which may include a single HOUSSE covering multiple subjects.

(g) Notwithstanding any other individual right of action that a parent or student may maintain under this article, nothing in this section shall be construed to:

- (1) create a right of action on behalf of an individual student or class of students for the failure of a public agency employee to be highly qualified; or
- (2) prevent a parent from filing a complaint under 511 IAC 7-45-1 about staff qualifications with the division of special education.

(h) A teacher who is highly qualified under this section is considered highly qualified for purposes of the Elementary and Secondary Education Act of 1965, as amended by 20 U.S.C. 6311 et seq.

(i) For purposes of subsection (f)(3), a fully licensed regular education teacher who subsequently becomes fully licensed as a special education teacher is a new special education teacher when first hired as a special education teacher.

(j) The requirements in this section do not apply to teachers hired by nonpublic elementary, middle, junior high, or high schools, including nonpublic school teachers hired or contracted by public agencies to provide special education and related services to parentally-placed nonpublic school students with disabilities under 511 IAC 7-34-7(k)(2).

(k) Because the early childhood special education program described in section 5 of this rule is not part of the state's public elementary, middle, junior high, and high school system, kindergarten through grade 12, early childhood teachers do not have to meet the highly qualified teacher requirements. However, early childhood special education teachers do have to be appropriately licensed.

511 IAC 7-36-4 Elementary and secondary instructional day; school calendar; extended school year services

Sec. 4. (a) The length of the instructional day for elementary and secondary students with disabilities shall be the same as the instructional day for nondisabled elementary and secondary students, respectively, in the same school building, unless the CCC:

- (1) determines the length of the student's instructional day should be different; and
- (2) documents the justification in the written notice described in 511 IAC 7-42-7.

(b) The school calendar of the school corporation or charter school providing the special education program shall be followed when the calendars of the providing school corporation or charter school and the school corporation of legal settlement or charter school differ. Unless otherwise provided, the school corporation of legal settlement or charter school is responsible to provide for transportation necessary to enable students to attend school on days when the providing school corporation or charter school is in attendance but the school corporation of legal settlement or charter school is not in attendance.

(c) Extended school year services are special education and related services that:

- (1) are provided to a student with a disability:
 - (A) beyond the public agency's school calendar or instructional day;
 - (B) in accordance with the student's IEP; and
 - (C) at no cost to the parent of the student; and
- (2) meet the standards of the department of education.

(d) Each public agency:

- (1) must:
 - (A) ensure that extended school year services are available as necessary to provide free appropriate public education; and

- (B) provide extended school year services only if a student's CCC determines, on an individual basis, in accordance with 511 IAC 7-42-6 or 511 IAC 7-42-9, that the services are necessary for the provision of free appropriate public education for the student; and
 - (2) may not:
 - (A) limit extended school year services to particular categories of disability; or
 - (B) unilaterally limit the:
 - (i) type;
 - (ii) amount; or
 - (iii) duration;
- of those services.

511 IAC 7-36-5 Early childhood

Sec. 5. (a) The length and frequency of the instructional day for early childhood students with disabilities, who are three (3) years of age through five (5) years of age, but not eligible for kindergarten, shall be based on the developmental and educational needs as determined by the student's CCC. A public agency may not unilaterally limit the length and frequency of the instructional day based on categories of:

- (1) disability;
- (2) age of students; or
- (3) administrative convenience.

(b) The number of students assigned to an early childhood teacher is subject to the requirements of 511 IAC 7-32-13.

511 IAC 7-36-6 Facilities

Sec. 6. (a) The public agency shall provide instructional space for students with disabilities that is:

- (1) not less than the per student instructional space for general education students of the same chronological age in the same building;
- (2) comparable to the general space and instructional environment of the general education students in the same building; and
- (3) sufficient to accommodate a student's:
 - (A) special equipment;
 - (B) assistive devices; or
 - (C) curricular needs.

(b) Each public agency, when developing written emergency preparedness plans in accordance with 511 IAC 6.1-2-2.5, shall include provisions for warning and evacuating students whose disabilities require special warning or evacuation procedures. Special warning and evacuation provisions shall:

- (1) address individual needs of students;
- (2) be reviewed on an annual and as needed basis; and
- (3) be implemented during tornado (shelter) preparedness drills, fire drills, and manmade occurrence disaster drills as required by IC 20-34-3-20.

511 IAC 7-36-7 Instructional curricula, materials, equipment, and assistive technology devices and services

Sec. 7. (a) Each student shall be involved in and progress in the general education curriculum, to the maximum extent feasible, as determined by the student's CCC. The public agency may supplement the general education curriculum with modified programs of instruction or curriculum that relate to state academic standards and functional skills to be achieved.

(b) The public agency shall provide to students with disabilities instructional materials and supplies comparable to those provided to nondisabled students.

(c) A student's CCC must determine whether the student needs instructional materials, including print instructional materials as defined in 511 IAC 7-32-75, in an accessible format.

(d) For purposes of this section, "accessible format" means an alternate approach to presenting information to a student with a disability. Accessible formats may be purchased ready for use by students with disabilities, developed for use by students with disabilities, or modified from existing materials in accordance with federal and state copyright laws. Accessible formats include, but are not limited to, the following:

- (1) Braille.
- (2) Audio.
- (3) Digital text.
- (4) Large type.
- (5) Tactile graphics.
- (6) Video.
- (7) Captions.
- (8) Audio descriptions.

(e) If a student's CCC determines that a student needs instructional materials in an accessible format that are not print instructional materials, the public agency must ensure that the student receives the instructional materials at the same time as other students receive the instructional materials, in accordance with policies and procedures established by the department of education.

(f) If a student's CCC determines that a student needs print instructional materials in an accessible format, the public agency must provide the materials to the student in a timely manner as described in subsection (h).

(g) When a student needs print instructional materials in an accessible format, the public agency must determine whether the student is a student with a print disability as defined in 511 IAC 7-32-93. This may require the public agency to obtain a written certification statement from a competent authority according to policies and procedures established by the department of education. A competent authority is a recognized expert who attests to the physical basis of the visual, perceptual, or other physical disability that limits the student's use of standard print, in accordance with policies and procedures established by the department of education.

(h) For purposes of this section, "timely manner" means that a public agency will take all reasonable steps to ensure that students who need print instructional materials in accessible formats are provided those materials at the same time as other students receive instructional materials. Reasonable steps include, but are not limited to, the following:

- (1) Requiring publishers or other contractors to, at a minimum, provide the National Instructional Materials Access Center (NIMAC) with electronic files containing the content of the print instructional materials using the National Instructional Materials Accessibility Standard (NIMAS). Such files must be provided to the NIMAC with sufficient time, according to policies and procedures established by the department of education, to ensure that students requiring accessible formats receive the instructional materials at the same time as other students receive the instructional materials.
- (2) Having a means of acquiring print instructional materials in accessible formats according to policies and procedures established by the department of education, including for students who transfer into the public agency after the start of the school year.

Reasonable steps would not include withholding print instructional materials from other students until print instructional materials in accessible formats are available.

(i) Nothing in this section relieves a public agency of its responsibility to ensure that the following students, who need print instructional materials in accessible formats, receive those materials in a timely manner:

- (1) A student who is not a student with a print disability as defined in 511 IAC 7-32-93.
- (2) A student who needs print instructional materials that cannot be produced from NIMAS files.

(j) Charges to the parent for textbook rental, incidental fees, or any other fees permitted by state statute or rule do not violate the at no cost requirement.

(k) The public agency shall provide instructional materials and equipment and assistive technology devices and services, as defined in 511 IAC 7-32-7 and 511 IAC 7-32-8, which are specified in the student's IEP. On a case-by-case basis, the use of school-purchased assistive technology devices in a student's home or in other settings is required if the student's CCC determines that the student needs access to those devices in order to receive a free appropriate public education.

(l) Unless the student's CCC determines otherwise, the public agency is not responsible to provide basic equipment that may be required at home as well as in the educational setting, such as the following:

- (1) Wheelchairs.
- (2) Braces.
- (3) Glasses.
- (4) Hearing aids.

(m) The public agency is responsible for maintenance and repair of all equipment and devices provided by the public agency. The public agency is not responsible for the cost of repair or replacement of equipment not purchased by the public agency. However, the public agency must ensure that hearing aids worn in school by students who are deaf or hard of hearing are functioning properly.

(n) The public agency is not responsible for the postsurgical maintenance, programming, or replacement of a student with a disability's medical device that has been surgically implanted, or of an external component of the surgically implanted medical device. However, the public agency must ensure that the external components of the surgically implanted medical devices are functioning properly.

511 IAC 7-36-8 Transportation

Sec. 8. (a) When appropriate, students with disabilities shall be transported with nondisabled students.

(b) The public school corporation of legal settlement or charter school is ultimately responsible for transportation of students with disabilities. Under a comprehensive plan or joint services agreement, interlocal or cooperative arrangement, responsibility for transportation may be delegated. Transportation as a related service, under 511 IAC 7-43-1(u), may be necessary for a student to receive special education and related services as:

- (1) determined by the student's CCC; and
- (2) specified in the student's IEP.

(c) Whenever the transit time of a student with a disability exceeds the transit time of nondisabled students of comparable age in the same school corporation or charter school, the school corporation of legal settlement or charter school shall place a written student-specific justification for the excess transit time in each affected student's record. A local policy limiting transit time is applicable to students with disabilities.

(d) The parent of a student with a disability shall not be required to provide transportation. If the parent does transport the student, pursuant to a written agreement with the public agency, the public agency shall reimburse the parent at not less than the per mile rate at which employees of the public agency are reimbursed.

511 IAC 7-36-9 Medication administration

Sec. 9. (a) The public agency shall establish, maintain, and implement written policies and procedures on the administration of medication that include the following:

- (1) No medication shall be administered without the written and dated consent of the parent.
- (2) The parent's written consent is valid:
 - (A) only for the period specified on the consent form; and
 - (B) never longer than the current school or program year.
- (3) A physician's prescription, a copy of the original prescription, or the pharmacy label must be:
 - (A) provided by the parent; and
 - (B) on file with the public agency.
- (4) Medication shall be:

- (A) maintained in a secure location; and
 - (B) administered in accordance with the physician's prescription.
 - (5) The parent may, upon request, obtain a copy of the public agency's policies and procedures on medication administration.
 - (6) If the medication is to be terminated prior to the date on the prescription, the written and dated consent or withdrawal of consent of the parent is required.
 - (7) The person or persons authorized to administer medication are specified.
- (b) The public agency shall document any special training provided to persons authorized to administer medication.
- (c) Public agency and state personnel are prohibited from requiring a parent to obtain a prescription for medication for a student as a condition for:
- (1) attending school;
 - (2) receiving an educational evaluation under 511 IAC 7-40; or
 - (3) receiving special education or related services under this article.
- (d) Nothing in subsection (c) shall be construed to prohibit teachers and other school personnel from consulting or sharing classroom based observations with a parent regarding his or her student's:
- (1) academic and functional performance;
 - (2) behavior in the classroom or school; or
 - (3) need for evaluation for special education and related services under 511 IAC 7-40-2, related to child identification.

511 IAC 7-36-10 State and local assessments

Sec. 10. (a) A student with a disability must participate in all state and local assessment programs, including assessments described under Section 1111 of the Elementary and Secondary Education Act, 20 U.S.C. 6311, with appropriate accommodations and alternate assessments, if necessary, as indicated in a student's IEP.

- (b) The:
- (1) department of education; or
 - (2) in the case of a district assessment, public agency;
- must, to the extent possible, use universal design principles in developing and administering assessments under this section.
- (c) Appropriate accommodations for the state assessment programs are:
- (1) set forth in the program manual issued each year by the department of education; and
 - (2) accommodations that do not invalidate scores.
- (d) For district assessments, public agencies must develop guidelines for the provision of appropriate accommodations that do not invalidate scores.
- (e) The student's CCC must determine, in advance, whether the student will utilize any of the appropriate accommodations described in subsections (c) and (d) during state and district assessments and throughout the student's education program. If the student will utilize accommodations, the CCC must:
- (1) select testing accommodations the student needs in order for the assessment to reflect the student's academic achievement;
 - (2) not select testing accommodations that will invalidate a student's score; and
 - (3) document the testing accommodations in the student's IEP.
- (f) Nothing in this article prohibits the use of accommodations in classroom instruction that, if used for state and district assessments, would invalidate a student's score.
- (g) The CCC may determine that a student will participate in an alternate assessment in lieu of participating in the general assessment. For state assessments, the CCC's determination must be based upon the criteria in 511 IAC 5-2-4.5.

(h) Before a CCC can determine that a student will participate in an alternate assessment in lieu of the general assessment, the public agency must provide the CCC with a clear explanation of the differences between the assessments, including any effects of state or district policies on the student's education resulting from participation in an alternate assessment.

(i) If the CCC determines that a student will participate in an alternate assessment, the public agency must ensure that the parent is informed that the student's performance will not be measured against grade-level academic achievement standards.

RULE 37. PROCEDURAL SAFEGUARDS

511 IAC 7-37-1 Notice of procedural safeguards

RULE 38. CONFIDENTIALITY OF INFORMATION

511 IAC 7-38-1 Access to and disclosure of educational records

Sec. 1. (a) The public agency must annually notify, in writing, parents of students currently in attendance, or students of legal age currently in attendance, of their rights regarding confidentiality of personally identifiable information. The notice must inform parents or students of legal age that they have the right to the following:

- (1) Inspect and review the student's educational record with respect to the:
 - (A) identification, evaluation, and educational placement of the student; and
 - (B) provision of a free appropriate public education to the student.

 - (A) inaccurate;

 - (A) Exercising the right to inspect and review educational records.
 - (B) Requesting an amendment of educational records.

 - (2) must effectively notify:
 - (A) parents of students with disabilities;
 - (B) students of legal age with disabilities; or

 - (1) a response from the public agency to reasonable requests for explanations and interpretations of the educational record;

 - (3) have a representative of the parent or student of legal age inspect and review the educational record; and
 - (4) receive a copy of the student's educational record from the public agency for use in a pending due process hearing.

Fees for copies must not:
 - (1) exceed actual cost of duplication; or

(2) be charged if doing so effectively prevents the parent or student of legal age from exercising the right to inspect and review the educational record.

The public agency may not charge a fee to search for or to retrieve information under this rule.

(i) If an educational record includes information on more than one (1) student, the parent or student of legal age has the right to:

(k) The record of access and disclosure must:

- (1) be maintained with the educational record as long as the educational record is maintained; and
- (2) include:
 - (A) the name of the person who has requested or received personally identifiable information from the educational record;
 - (B) the purpose of the party in requesting or obtaining the information; and
 - (C) the date of disclosure of the information.

(l) If the public agency discloses personally identifiable information with the understanding that the party receiving the information may make further disclosures on behalf of the public agency in which prior consent is not required, the record of disclosure must include the following:

- (1) The names of the additional parties to which the receiving party may disclose the information on behalf of the public agency.
- (2) The purpose of each of the additional parties in requesting or obtaining the information.

(m) The public agency, upon request of a parent or student of legal age, must provide a list of the types and locations of educational record:

- (1) collected;
- (2) maintained; or
- (3) used;

by the public agency.

(n) If a student transfers from one (1) school to another, the public agency's transmission of any of the student's educational record must include the following:

- (1) The student's current IEP.
- (2) Any disciplinary records relative to a suspension or an expulsion.

(o) When the public agency reports a crime committed by a student with a disability, the public agency must ensure that copies of the education and disciplinary record of the student are transmitted only to the extent the transmission is permitted by the Family Educational Rights and Privacy Act (which includes requiring the receiving authorities to certify in writing that the records will not be disclosed to any other parties) and as required by IC 20-33-7-3, without the prior written consent of the parent or the student of legal age for consideration by the appropriate authorities to whom it reports the crime.

(p) Except as specified in subsection (o), (q), or (r), written and dated consent of the parent or student of legal age must be obtained before personally identifiable information is disclosed to anyone other than the parent, student of legal age, or authorized public agency officials, or before the information is used for any purpose other than those specified in this rule. The consent must specify the following:

 - (2) A screening of students by a teacher or a specialist to determine appropriate instructional strategies for curriculum implementation.

 - (2) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those designed to provide a single general intelligence quotient.
 - (3) Assessments are selected and administered so as best to ensure that if an assessment is administered to a student with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the student's aptitude or achievement level, or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills, unless those skills are the factors that the test purports to measure.

 - (6) Assessment tools and strategies provide relevant information that directly assists the CCC in determining the special education and related service needs of the student.
 - (7) Educational evaluations are sufficiently comprehensive to identify all of the student's special education and related service needs whether or not commonly linked to the disability category in which the student has been classified.
- (f) In conducting the educational evaluation, the multidisciplinary team must use a variety of assessment tools and strategies, as required in 511 IAC 7-41, to gather relevant functional, developmental, and academic information about the student, including information provided by the parent, to assist the CCC in determining the following:
- (1) Whether the student is eligible for special education and related services.
 - (2) The content of the student's individual educational program, including information related to enabling the student to be involved in and progress in the general education curriculum (or for an early childhood student, to participate in appropriate activities).
- (g) The public agency must evaluate a student with a disability in accordance with the requirements of this rule and 511 IAC 7-41 before a CCC can determine that the student is no longer a student with a disability, except when termination of the student's eligibility is due to:
- (1) graduation with a high school diploma as defined in 511 IAC 6-7.1-1(e); or

If a parent makes a request for an evaluation after revoking consent for special education and related services in accordance with 511 IAC 7-42-15, the public agency must treat the parent's request for evaluation as a request for an initial evaluation, and the evaluation must be conducted in accordance with this section.

(b) If a student is suspected of having a specific learning disability because the student has not made adequate progress after an appropriate period of time when provided with appropriate instruction described in 511 IAC 7-41-12(a)(3)(G), the public agency must initiate a request for an educational evaluation.

 - (2) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure that:
 - (A) the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
 - (B) the parent understands the content of the notice; and
 - (C) there is written evidence that the requirements in clauses (A) and (B) have been met.
- (g) A parent may challenge the public agency's refusal to conduct an initial evaluation by requesting:
- (1) mediation in 511 IAC 7-45-2; or
 - (2) a due process hearing in 511 IAC 7-45-3.
- (h) After receiving the written notice described in subsections (e) and (f), the parent of the student must provide consent, as defined in 511 IAC 7-32-17, to licensed personnel before the public agency can conduct the initial educational evaluation. The parent may also, at the same time the parent provides consent for the educational evaluation, request one (1) or both of the following:
- (1) A copy of the educational evaluation report, at no cost to the parent, prior to the CCC meeting.

- (k) Parental consent for an initial educational evaluation must not be construed as consent for initial provision of special education and related services.
- (l) For initial educational evaluations only, if the student is a ward of the state and is not residing with the student's parent, the public agency is not required to obtain consent as defined in 511 IAC 7-32-17, from the parent for an initial evaluation to determine whether the student is a student with a disability if:
- (1) despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the student;
 - (2) the rights of the parents of the student have been terminated in accordance with state law; or
 - (3) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.
- (m) If the parent of a student enrolled in public school or seeking to be enrolled in public school does not provide consent for an initial educational evaluation under subsection (i), or the parent fails to respond to

a request to provide consent, the public agency may, but is not required to, pursue the initial educational evaluation of the student by:

- (1) utilizing mediation in 511 IAC 7-45-2; or
- (2) requesting a due process hearing in 511 IAC 7-45-3.

The public agency does not violate its obligations under this rule if it declines to pursue the educational evaluation.

(n) If a parent of a student who is parentally-placed in a nonpublic school, including a home school, does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a public agency's efforts to obtain consent, the public agency:

- (1) may not pursue the initial educational evaluation of the student by:

- (2) is not required to consider the student as eligible for special education and related services under 511 IAC 7-34.

511 IAC 7-40-5 Conducting an initial educational evaluation

Sec. 5. (a) After a parent has provided consent, as defined in 511 IAC 7-32-17, for an initial educational evaluation, the public agency must conduct a comprehensive and individual educational evaluation in accordance with the requirements of this rule and 511 IAC 7-41. The educational evaluation must be conducted by a multidisciplinary team that prepares an educational evaluation report addressing the necessary components of evaluation specific to each suspected disability set forth in 511 IAC 7-41. The report is utilized:

- (1) by the student's CCC to determine eligibility for special education and related services; and
- (2) if a student is found to be eligible, to inform the student's CCC of the student's special education and related service needs.

(b) The educational evaluation must be conducted by a multidisciplinary team, which is a group of qualified professionals who conduct a student's educational evaluation with input from the student's parent. The qualified professionals include, but are not limited to, the following:

- (1) At least one (1) teacher licensed in, or other specialist with knowledge in, the area of suspected disability.
- (2) A school psychologist, except for a student with a suspected:
 - (A) developmental delay, in which case the multidisciplinary team shall be at least two (2) qualified professionals from different disciplines based upon the needs of the student;
 - (B) language impairment, a speech-language pathologist and at least one (1) qualified professional from a different discipline based upon the needs of the student; or
 - (C) speech impairment only, a speech-language pathologist may serve as the sole qualified professional on the multidisciplinary team.
- (3) For a student with a suspected specific learning disability, the following:
 - (A) The student's general education teacher or, if the student does not have a general education teacher, a general education teacher qualified to teach students of the same age.
 - (B) For early childhood students, an individual who holds an appropriate license to teach early childhood special education.
- (4) For a student who:
 - (A) is blind or has low vision;
 - (B) is deaf or hard of hearing; or
 - (C) has suspected multiple disabilities;

the public agency may request that representatives of the state-operated schools serve as part of the multidisciplinary team only if the parent has provided written consent, in addition to the written consent to conduct the initial educational evaluation, for the representative's participation in the educational evaluation.

(c) As part of the educational evaluation, the multidisciplinary team must, with or without a meeting, do the following:

- (1) Review existing evaluation data on the student, including the following:
 - (A) Evaluations and information provided by the parents of the student.

- (B) Current classroom, local, and state assessments.
 - (C) Classroom based observations and observations by teachers and related services providers.
 - (2) On the basis of that review, and input from the student's parents, identify the following:
 - (A) The suspected disability or disabilities.
 - (B) Any additional data, as described in 511 IAC 7-41, that is required for the student's CCC to determine:
 - (i) eligibility for special education; and
 - (ii) the special education and related service needs of the student.
 - (3) Obtain information for the CCC to use in making determinations under section 6(b)(1) of this rule.
- (d) The initial educational evaluation must be conducted and the CCC convened within fifty (50) instructional days of the date the written parental consent is received by licensed personnel in accordance with section 4(h) of this rule. The time frame does not apply in the following situations:
- (1) When a student has participated in a process that assesses the student's response to scientific, research based interventions described in section 2 of this rule, in which case the time frame is twenty (20) instructional days.
 - (2) When a child is transitioning from early intervention (Part C) to early childhood special education (Part B), in which case the evaluation must be completed and the CCC convened to ensure that the child receives special education services by his or her third birthday.
 - (3) When the parent of a student repeatedly fails or refuses to produce the student for the evaluation.
 - (4) When a student enrolls in a school of another public agency after the relevant time frame in subsection (a) has begun, and prior to completion of the evaluation, if the:
 - (A) subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation; and
 - (B) parent and subsequent public agency agree to a specific time when the evaluation will be completed.
- (e) After an educational evaluation has been completed, the multidisciplinary team must compile the findings of the multidisciplinary team into an educational evaluation report.
- (f) For a student with the suspected disability of autism spectrum disorder, the educational evaluation report must include the results of the multidisciplinary team's assessments, observations, and collection of information as aligned to the characteristics of autism spectrum disorder.
- (g) For a student with a suspected learning disability, the educational evaluation report must include the following:
- (1) For a student who has participated in a process that assesses the student's response to scientific, research based interventions:
 - (A) documentation of previous parent notification about:
 - (i) the:
 - (AA) amount and nature of the student performance data that would be collected; and
 - (BB) general education services that would be provided;

 - (B) the:
 - (i) instructional strategies used; and
 - (ii) student centered data collected.
 - (2) A synthesis of the required educational evaluation components in 511 IAC 7-41-12 in relationship to the following:
 - (A) Whether the student:
 - (i) does not achieve adequately for the student's age or to meet state grade level standards in one (1) or more of the areas identified in 511 IAC 7-41-12(a)(1) when provided with learning experiences and instruction appropriate for the student's age or state grade level standards; and
 - (ii) meets either of the following criteria:
 - (AA) The student does not make sufficient progress to meet age or state grade level standards in one (1) or more of the areas identified in 511 IAC 7-41-12(a)(1) when using a process based on the student's response to scientific, research based intervention.

(BB) The student exhibits a pattern of strengths and weaknesses in performance or achievement, or both, relative to age, state grade level standards, or intellectual development, that is determined by the multidisciplinary team to be relevant to the identification of a specific learning disability. The multidisciplinary team is prohibited from using a severe discrepancy between academic achievement and global cognitive functioning to meet this requirement.

(B) The effects of any of the following factors on the student's achievement:

- (i) Visual, hearing, or motor disability.
- (ii) Cognitive disability.
- (iii) Emotional disturbance.
- (iv) Cultural factors.
- (v) Environmental or economic disadvantage.
- (vi) Limited English proficiency.

(C) Whether the multidisciplinary team believes the student has a specific learning disability and the basis for having that opinion. The opinion of the multidisciplinary team is utilized by the CCC to determine whether the student is eligible for special education. Each member of the multidisciplinary team must certify in writing whether the educational evaluation report reflects the member's opinion. If the report does not reflect the member's opinion, the member must submit a separate statement presenting the member's opinion.

(h) If a parent requests, under section 4(h)(1) of this rule, a copy of the educational evaluation report prior to the CCC meeting, the public agency must ensure that a copy of the educational evaluation report is made available at no cost to the parent not less than five (5) instructional days prior to the scheduled CCC meeting.

(i) If a parent requests, under section 4(h)(2) of this rule, a meeting to have the results of the educational evaluation explained prior to the scheduled CCC meeting, the public agency must arrange a meeting with the parent and an individual who can explain the evaluation results within five (5) instructional days prior to the scheduled CCC meeting. The meeting shall be scheduled at a mutually agreed upon date, time, and place. A copy of the educational evaluation report must be provided at no cost to and reviewed with the parent at this meeting.

(j) If the parent does not request a:

- (1) copy of the educational evaluation report; or
- (2) meeting to explain the evaluation;

prior to the initial CCC meeting, the public agency must provide a copy of the educational evaluation report at no cost to the parent at the CCC meeting. If the student is parentally-placed in a nonpublic school, the public agency shall also provide a copy of the educational evaluation report at no cost to the nonpublic school representative.

511 IAC 7-40-6 Determination of eligibility

Sec. 6. (a) Upon completion of the educational evaluation, the CCC must be convened to determine the following:

- (1) Whether the student is eligible for special education and related services.
- (2) If eligible, the special education and related services necessary to meet the educational needs of the student.

(b) The CCC must not determine that a student is eligible for special education and related services under this article if:

(1) the determinant factor is:

(A) lack of appropriate instruction in reading, including the essential components of reading instruction, which means explicit and systematic instruction in:

- (i) phonemic awareness;
- (ii) phonics;
- (iii) vocabulary development;
- (iv) reading fluency, including oral reading skills; and
- (v) reading comprehension strategies;

(B) lack of appropriate instruction in math; or

- (C) limited English proficiency; and
 - (2) a student does not otherwise meet the eligibility criteria under this rule and 511 IAC 7-41.
- (c) When determining eligibility for special education and related services, the CCC must:
- (1) consider all of the information contained in the educational evaluation report; and
 - (2) not rely on any single measure or assessment as the sole criterion for determining eligibility or appropriate educational services.
- (d) If the CCC determines that the student only needs a related service, but not special education, the CCC must not determine that the student is eligible for services under this article.
- (e) If a determination is made that a student is eligible for special education and related services, an IEP that meets the special education and related service needs of the student must be developed in accordance with 511 IAC 7-42.

511 IAC 7-40-7 Independent educational evaluation

Sec. 7. (a) The public agency shall provide to parents, upon request for an independent educational evaluation:

- (1) information about where an independent educational evaluation may be obtained; and
- (2) the public agency's criteria applicable to independent educational evaluations as described in subsection (h).

"Independent educational evaluation" means an evaluation conducted by a qualified evaluator who is not employed by the public agency responsible for the student in question.

(b) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation conducted by the public agency, subject to the provisions of subsection (c). "Public expense" means that the public agency either:

- (1) pays for the full cost of the evaluation; or
- (2) ensures that the evaluation is otherwise provided at no cost to the parent.

(c) Upon a parent's request for an independent educational evaluation at public expense, the public agency must take one (1) of the following actions within ten (10) business days of the date of the public agency's receipt of the parent's request:

- (1) Initiate a due process hearing to show its educational evaluation is appropriate.
- (2) Notify the parent in writing that the independent educational evaluation will be at public expense.

(d) The public agency may ask the parent why the parent objects to the public agency's evaluation. However, the public agency may not:

- (1) require the parent to provide an explanation; or
- (2) unreasonably delay either:
 - (A) providing the independent evaluation at public expense; or
 - (B) initiating a due process hearing;

as a result of the parent's response or lack of response.

(e) A student's parents are entitled to only one (1) independent educational evaluation at public expense each time the public agency conducts an educational evaluation with which the parent disagrees.

(f) If the:

- (1) public agency initiates a hearing to determine the appropriateness of its educational evaluation; and
 - (2) hearing officer determines that the evaluation conducted by the public agency is appropriate;
- the parent may still seek an independent evaluation, but at the parent's expense.

(g) If the parent obtains an independent evaluation at public expense or shares with the public agency an independent educational evaluation obtained at the parent's expense, the results of the evaluation:

- (1) must be considered by the public agency, if it meets the public agency's criteria, in any decision made with respect to the provision of a free appropriate public education to the student; and
- (2) may be presented by any party as evidence at a due process hearing regarding the student.

(h) In a due process hearing under 511 IAC 7-45-3 through 511 IAC 7-45-8 on the issue of the public agency's reimbursement of the parent's expense for an independent educational evaluation, an independent hearing officer must not order reimbursement for the evaluation if the hearing officer determines that the evaluation obtained by the parent did not meet the public agency's criteria.

(i) If an independent hearing officer requests an independent educational evaluation as part of a due process hearing, the cost of the evaluation must be at public expense.

(j) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the:

- (1) location of the evaluation; and
- (2) qualifications of the evaluator;

must be the same as the public agency uses when it initiates an educational evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(k) Except for the criteria described in subsection (j), the public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

511 IAC 7-40-8 Reevaluation

Sec. 8. (a) Once a student is eligible for special education and related services, any subsequent evaluation of the student is reevaluation, even if the student is being evaluated because a different or additional eligibility category is suspected.

(b) A public agency must consider reevaluation for each student receiving special education and related services:

- (1) at least once every three (3) years; however, reevaluation need not occur if the parent and the public agency agree that it is unnecessary;
- (2) if the public agency determines, at any time during the three (3) year cycle, that additional information is needed to address the special education or related services needs of the student; and
- (3) if the student's parent or teacher requests reevaluation.

(c) The following procedures are not reevaluation:

- (1) A test or other evaluation that is administered to all students unless, before administration of the test or evaluation, consent is required from parents of all students.
- (2) A screening of students by a teacher or a specialist to determine appropriate instructional strategies for curriculum implementation.
- (3) A review of existing data regarding a student.
- (4) The collection of progress monitoring data when a student participates in a process that assesses the student's response to scientific, research based interventions described in section 2 of this rule.

(d) If a CCC determines at an annual CCC meeting that reevaluation is necessary to reestablish eligibility for special education and related services, reevaluation must occur by the next annual CCC meeting. Reevaluation to reestablish eligibility may not occur more than once a year, unless the parent and the public agency agree otherwise.

(e) If the CCC determines or the parent or teacher requests that a reevaluation be conducted to:

- (1) determine that the student is eligible for special education and related services under a different or additional eligibility category; or
- (2) inform the CCC of the student's needs, such as the student's need for assistive technology or a related service;

the reevaluation must occur and the CCC convened within fifty (50) instructional days of the date that written parental consent is received by licensed personnel, in accordance with subsection (i).

(f) Before a public agency can reevaluate a student, or refuse to reevaluate a student, the public agency must provide the student's parent with written notice that includes the following:

- (1) A statement that the public agency is proposing or refusing to reevaluate the student that includes a description of each:
 - (A) evaluation procedure;
 - (B) assessment;
 - (C) record; or
 - (D) report;
 the public agency used as a basis for proposing or refusing to reevaluate the student.
 - (2) A description of other factors relevant to the public agency's proposal or refusal to reevaluate the student.
 - (3) If the public agency:
 - (A) is proposing to reevaluate the student, a description of the reevaluation process; or
 - (B) refuses to reevaluate the student, an explanation of the parent's right to contest the agency's decision by requesting:
 - (i) mediation in 511 IAC 7-45-2; or
 - (ii) a due process hearing in 511 IAC 7-45-3.
 - (4) If a public agency is proposing to reevaluate the student, the timeline for conducting the reevaluation and convening the CCC meeting.
 - (5) A statement that a parent of a student with a disability has protection under the procedural safeguards described in 511 IAC 7-37-1, including information regarding how a copy of the written notice of procedural safeguards can be obtained.
 - (6) A list of sources for parents to contact to obtain assistance with understanding the provisions of this article.
- (g) The written notice required under subsection (f) must meet the requirements of section 4(f) of this rule.
- (h) A parent may challenge the public agency's refusal to reevaluate the student by requesting:
- (1) mediation in 511 IAC 7-45-2; or
 - (2) a due process hearing in 511 IAC 7-45-3.
- (i) If the public agency proposes to reevaluate the student in the written notice described in subsections (f) and (g), the parent of the student must provide consent, as defined in 511 IAC 7-32-17, to licensed personnel before the public agency can reevaluate the student.
- (j) If the parent refuses to consent to reevaluation, the public agency may, but is not required to, pursue reevaluation by requesting:
- (1) mediation in 511 IAC 7-45-2; or
 - (2) a due process hearing in 511 IAC 7-45-3.
- The public agency does not violate its obligation to reevaluate the student if it declines to request mediation or a due process hearing.
- (k) Parental consent for reevaluation does not need to be obtained if the public agency makes reasonable efforts to obtain consent and the parent fails to respond. To document reasonable efforts, the public agency must keep a record of its attempts to obtain parental consent, including the following:
- (1) Detailed records of:
 - (A) telephone calls made or attempted; and
 - (B) the results of the calls.
 - (2) Copies of:
 - (A) correspondence sent to the parent; and
 - (B) any responses received.
 - (3) Detailed records of:
 - (A) visits made to the parent's home or place of employment; and
 - (B) the results of those visits.
- (l) In considering the need for reevaluation, the CCC and other qualified professionals, as appropriate, must do the following:
- (1) Review existing evaluation data on the student, including the following:
 - (A) Evaluations and information provided by the parents of the student.
 - (B) Current classroom based, local, or state assessments, and classroom based observations.
 - (C) Observations of teachers and related services providers.

(2) On the basis of that review, and input from the student's parent, identify what additional data, if any, are needed to determine the following:

(A) Whether the student continues to have a disability as described in 511 IAC 7-41 and the special education and related service needs of the student.

(B) The present levels of academic achievement and functional performance and related developmental needs of the student.

(C) Whether the student continues to need special education and related services.

(D) Whether any additions or modifications to the special education and related services are needed to:

(i) enable the student to meet the measurable annual goals set out in the student's IEP; and

(ii) participate, as appropriate, in the general education curriculum.

(m) The review described in subsection (l) may be conducted without a meeting.

(n) If the CCC and other qualified professionals, as appropriate, after reviewing existing evaluation data as described in subsection (l), determine that no additional data are needed to determine whether the student continues to be eligible for special education and to determine the student's special education and related service needs, the public agency must do the following:

(1) Notify the parent of the following:

(A) The determination and the reasons for the determination.

(B) The right to request an assessment to determine the following:

(i) Whether the student continues to be eligible for special education.

(ii) The student's special education and related service needs.

(2) Not be required to conduct such an assessment unless requested to by the student's parent.

(o) If the CCC and other qualified professionals, as appropriate, after reviewing existing evaluation data as described in subsection (l), determine that additional data are needed, the public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under subsection (l).

511 IAC 7-41-2 Blind or low vision

Sec. 2. (a) "Blind or low vision", which may be referred to as a visual impairment, means a disability that even with best correction affects the student's ability to use vision for learning, which adversely affects the student's educational performance. The term:

- (1) includes a reduced ability or a complete inability to utilize the visual system to acquire information; and
- (2) may include or be limited to a reduction in field of vision.

(b) Eligibility for special education as a student who is blind or has low vision shall be determined by the student's CCC. This determination shall be based on the multidisciplinary team's educational evaluation report described in 511 IAC 7-40-5(e), which includes the following:

Sec. 10. (a) Except as provided in section 6(g)(2) of this rule (regarding students with disabilities in adult prisons), each public agency must have in place written policies and procedures to ensure the following:

- (1) To the maximum extent appropriate, students with disabilities, including students in public or private institutions or other care facilities are educated with nondisabled students.
- (2) Special classes, separate schooling, or other removal of students from the general education environment occurs only if the nature and severity of the disability is such that education in general education classes using supplementary aids and services cannot be satisfactorily achieved.
- (3) The CCC determines the placement in which a student will receive services. The student's placement is:
 - (A) based on the student's IEP;
 - (B) reviewed at least annually; and
 - (C) in the school that the student would attend if not disabled, unless the IEP requires some other arrangement. If another arrangement is required, the placement should be as close as possible to the student's home school.

- (5) In selecting the least restrictive environment, consideration is given to any potential harmful effect on the:
 - (A) student; or
 - (B) quality of services needed.

- (10) Students with disabilities are not removed from education in age-appropriate general education classrooms solely because of needed modifications in the general curriculum.

Physical education must be provided by a general education teacher of physical education or a teacher specially licensed in adapted physical education as applicable to the physical education appropriate for the student. Each student with a disability must be afforded the opportunity to participate in the general physical education program available to nondisabled students unless one (1) of the following occurs:
- (A) The student is enrolled full time in a separate facility. The public agency responsible for the education of the student must ensure that the student receives appropriate physical education services in compliance with this section.
 - (B) The student needs specially designed physical education, as prescribed in the student's IEP. The public agency must provide the specially designed physical education services directly or make arrangements for those services to be provided through other private or public programs.
- (4) Ensure the availability of a continuum of placement options for students in kindergarten through the school year in which students become twenty-two (22) years of age that includes the following:

Sec. 11. (a) A student may receive special education and related services from a licensed teacher in the student's home or alternative setting, for reasons other than identified in section 12 of this rule, if the CCC

Sec. 12. (a) All students with injuries and temporary or chronic illnesses that preclude their attendance in school, including students who are not eligible for special education and related services, must be provided with instruction.

(b) Before instruction for a student unable to attend school can begin, the parent must provide the school corporation with a written statement from a physician (which includes a doctor of osteopathy) with a valid, unlimited license to practice medicine, or a Christian Science practitioner, that states one (1) of the following:

- (1) eligible for special education and related services; and
- (2) unable to attend school as described in subsection (b);

special education and related services, including access to the general education curriculum, must be provided in accordance with the IEP as determined by the CCC.

(d) Instruction provided under this rule may continue through the summer to enable a student to complete a semester to meet promotion requirements.

(f) The mediation and due process procedures provided in 511 IAC 7-45 do not apply to nondisabled students who receive instruction under this section.

511 IAC 7-42-13 Nonpublic school or facility placements by public agencies

Sec. 13. (a) Before a public agency places a student with a disability in a nonpublic school or facility, the public agency must initiate and conduct a CCC meeting to develop an IEP for the student in accordance with this rule.

(b) The public agency must ensure that a representative of the nonpublic school or facility attends the meeting. If the representative cannot attend, the public agency must use other methods to ensure participation by the nonpublic school or facility, including individual or conference telephone calls or video conference.

(c) After a student enters a nonpublic school or facility, any meetings to review and revise the student's IEP may be initiated and conducted by the nonpublic school or facility at the discretion of the public agency. If the nonpublic school or facility initiates and conducts the CCC meetings, the public agency must ensure that the parent and a public agency representative:

- (1) are involved in any decision about the student's IEP; and
- (2) agree to any proposed changes in the IEP before those changes are implemented.

(d) Even if a nonpublic school or facility implements a student's IEP, responsibility for compliance with this article remains with the public agency. The public agency must ensure that the student:

- (1) is provided:
 - (A) special education and related services:
 - (i) in conformance with an IEP that meets the requirements of this rule; and
 - (ii) at no cost to the parents; and
 - (B) an education that meets the standards applicable to the state's public agencies, including the requirements of this article, except for the highly qualified special education teacher requirements in 511 IAC 7-36-3; and

511 IAC 7-42-14 Transportation of students in public or private residential placements

Sec. 14. (a) The school corporation of legal settlement:

- (1) is responsible for the cost of transporting students placed in public or private residential facilities by the public agency; and
- (2) must pay for the number of round trips as determined appropriate by the CCC in accordance with statutory requirements and this rule.

(b) The frequency, length, and timing of home visits must be mutually agreed upon by the residential facility, the parent, and the school corporation of legal settlement. Transportation for the student for home visits must be arranged to assure the welfare and safety of the student, including, if necessary, paying the cost for a responsible adult to accompany the student during the travel.

(c) If a parent travels to the residential facility, that travel may be in lieu of a student home visit. The school corporation of legal settlement must pay the cost for the parent to travel to the residential facility if the CCC determines any of the following is essential to the student's educational, emotional, or behavioral progress:

- (1) The nature or severity of the student's disability precludes home visits.
- (2) The residential facility provides family counseling and training essential to the student's educational, emotional, or behavioral progress.

(d) The public agency may ask the parent why the parent is revoking consent, but the public agency may not require the parent to provide an explanation, either orally or in writing, as a condition of terminating the provision of special education and related services. The public agency may not use the inquiry to delay or deny the termination of special education and related services.

(h) The public agency may not use mediation or a due process hearing to override the parent's revocation of consent for services.

(i) Upon revocation of consent and termination of special education and related services, the student is no longer eligible as a student with a disability and is not entitled to the protections of this article, except as permitted in 511 IAC 7-44-9.

(j) The public agency is not required to amend the student's educational records to remove any

reference to the student's special education and related services when the parent revokes consent for services. This does not preclude a parent from requesting that the student's educational record be amended in accordance with the procedures contained in 511 IAC 7-38-2.

(k) The public agency shall not be considered to be in violation of the requirement to make a free appropriate public education available to the student when the public agency terminates the special education and related services to the student subsequent to the parent's revocation of consent in accordance with this section.

(l) If, after revoking consent, a parent wants the student to receive special education and related services, the parent must request an initial evaluation in accordance with 511 IAC 7-40-4 and the CCC must determine, in accordance with 511 IAC 7-40-6, if the student is eligible for special education and related services as a student with a disability as defined in 511 IAC 7-32-92.

RULE 44. DISCIPLINE PROCEDURES

511 IAC 7-44-1 Removals in general

Sec. 1. (a) A public agency is not required to provide services to a student with a disability during any of the first ten (10) cumulative instructional days of removal in a school year, for violating a code of student conduct, if services are not provided to a nondisabled student who has been similarly removed.

(b) Removal of a student for any part of a day constitutes a day of removal.

(c) A short-term removal of a student pursuant to the student's IEP is not a removal under this rule.

(d) A suspension is a removal. However, an in-school suspension is not considered a removal for purposes of this rule if, during the in-school suspension, the student has the opportunity to:

- (1) progress appropriately in the general curriculum;
- (2) receive the special education services specified in the student's IEP; and
- (3) participate with nondisabled students to the extent the student would have in the student's current placement.

(e) If bus transportation is part of the student's IEP, a suspension from the bus would be a removal, unless the public agency provides transportation in an alternative manner.

(f) A removal under this rule constitutes a suspension as defined in IC 20-33-8-7. A public agency's suspension procedures must comply with Indiana statutes and this article.

(g) If a student is removed for more than ten (10) consecutive instructional days in a school year, the public agency must abide by the requirements in sections 4 and 5 of this rule.

(h) If a student is removed for more than ten (10) cumulative instructional days in a school year, the public agency must determine if a change of placement has occurred in accordance with section 2 of this rule. If the public agency determines:

- (1) that a change of placement has occurred, the public agency must abide by the requirements in sections 4 and 5 of this rule; or
- (2) that a change of placement has not occurred, the public agency must abide by the requirements in section 3 of this rule.

511 IAC 7-44-2 Disciplinary change of placement

Sec. 2. (a) A removal or a series of removals from a student's current educational placement results in a change of placement under this rule in the following situations:

- (1) The removal is for more than ten (10) consecutive instructional days.
- (2) The student is subjected to a series of removals that constitute a pattern because:
 - (A) the series of removals cumulate to more than ten (10) instructional days in a school year;
 - (B) the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and
 - (C) of such additional factors as the:
 - (i) length of each removal;
 - (ii) cumulative amount of time the student has been removed; and
 - (iii) proximity of the removals to one another.

(b) The public agency determines on a case-by-case basis whether a series of removals under subsection (a)(2) constitutes a pattern that results in a change of placement for the student.

(c) The public agency may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with other requirements in this rule, is appropriate for a student with a disability who violates a code of student conduct. Unique circumstances may include the following:

- (1) A student's:

- (A) disciplinary history; and
 - (B) ability to understand consequences.
 - (2) Supports provided to the student prior to violating a code of student conduct.
 - (3) Other relevant considerations.
- (d) The public agency does not need parental consent for a disciplinary change of placement under this rule.
- (e) The parent of a student with a disability who disagrees with a decision regarding a student's change of placement under this rule may request the following:
- (1) Mediation in accordance with 511 IAC 7-45-2.
 - (2) A due process hearing in accordance with 511 IAC 7-45-3 or 511 IAC 7-45-10.
 - (3) Simultaneously, mediation and a due process hearing.
- (f) Upon a parent's request for a due process hearing, the department of education shall arrange for an expedited hearing pursuant to 511 IAC 7-45-10.
- (g) In reviewing a decision regarding change of placement, an independent hearing officer may return the student with a disability to the placement from which the student was removed if the hearing officer determines that the removal was a violation of this rule.

511 IAC 7-44-3 Removals of more than 10 cumulative days that do not result in a change of placement

Sec. 3. (a) When a student has been removed for more than ten (10) cumulative instructional days in the same school year, but the removals do not constitute a pattern that results in a change of placement under section 2(a)(2) of this rule, school personnel, in consultation with at least one (1) of the student's teachers, determine the extent to which services are needed to enable the student to do the following:

- (1) Continue to participate in the general education curriculum, although in another setting.
- (2) Progress toward meeting the goals set out in the student's IEP.

(b) The services required by subsection (a) may be provided in an interim alternative education setting.

511 IAC 7-44-4 Removals of more than 10 consecutive days or 10 cumulative days that result in a change of placement

Sec. 4. (a) When a decision is made to make a removal that constitutes a change of placement, the public agency must notify the student's parent and provide the parent with the notice of procedural safeguards described in 511 IAC 7-37-1. A change of placement occurs when a student has been removed for more than ten (10):

- (1) consecutive instructional days in the same school year; or
- (2) cumulative instructional days in the same school year if the removals constitute a pattern that results in a change of placement under section 2(a)(2) of this rule.

(b) The notice required in subsection (a) must be provided by the public agency on the date the public agency decides to make a removal that results in a change of placement. The public agency must make and document reasonable efforts to:

- (1) notify the parents of that decision; and
- (2) provide the parents with the notice of procedural safeguards.

(c) If the public agency is unable to notify the parent on the date a decision is made under subsection (b), notice must be mailed to the parent not later than the following business day.

(d) A manifestation determination must be conducted according to the requirements in section 5 of this rule.

511 IAC 7-44-5 Manifestation determinations

Sec. 5. (a) Within ten (10) instructional days of any decision to change the placement of a student with a disability for violating a code of student conduct, the CCC must meet to determine whether the student's behavior is a manifestation of the student's disability.

(b) All relevant information in the student's file must be reviewed, including the student's IEP, any teacher observations, and any relevant information provided by the parent, to determine if the conduct in question was:

- (1) caused by, or had a direct and substantial relationship to, the student's disability; or
- (2) the direct result of the public agency's failure to implement the student's IEP.

(c) The conduct must be determined to be a manifestation of the student's disability if the CCC determines that either of the conditions in subsection (b)(1) or (b)(2) were met.

(d) If the conduct was the direct result of the public agency's failure to implement the IEP, the public agency must take immediate steps to remedy those deficiencies.

(e) If the CCC determines that the conduct was a manifestation of the student's disability, the student's CCC must:

- (1) either:
 - (A) conduct a functional behavioral assessment, unless the public agency had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the student; or
 - (B) if a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior; and
- (2) except as provided in section 6 of this rule, return the student to the placement from which the student was removed, unless the parent and the public agency agree to a change of placement as part of the modification of the behavioral intervention plan.

(f) If the CCC determines that the conduct is not a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures to the student in the same manner and for the same duration as those procedures would be applied to students without disabilities. However, the student must, during any removal that is ordered, continue to receive appropriate services. The student's CCC must determine appropriate services needed to enable the student to do the following:

- (1) Continue to participate in the general education curriculum, although in another setting.
- (2) Progress toward meeting the goals set out in the student's IEP.
- (3) Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

(f) Each session in the mediation process shall be:

- (1) scheduled in a timely manner; and

The division of special education shall bear the cost of the meetings in accordance with the written procedures.

- (c) The due process hearing request must allege a violation that occurred not more than two (2) years before the date the parent or public agency knew or should have known about the alleged action that forms the basis of the due process hearing request unless the parent was prevented from filing a due process hearing request due to:
 - (1) specific misrepresentations by the public agency that it had resolved the problems forming the basis of the due process hearing; or
 - (2) the public agency's withholding of information from the parent that was required under this article to be provided to the parent.
- (d) The state superintendent of public instruction shall appoint the independent hearing officer. When a due process hearing request is received, the department of education shall send the public agency and the parent a:

- (1) party; or
 - (2) attorney representing the party;
- files a due process hearing request that meets the requirements of section 3(b) of this rule.

(b) The due process hearing request must be deemed sufficient unless the party receiving the due process hearing request notifies the hearing officer and the other party in writing that the request does not meet the requirements set forth in section 3(b) of this rule. An allegation that the due process hearing request is insufficient must:

- (1) be filed by the receiving party within fifteen (15) calendar days of receipt of the due process hearing request; and
- (2) identify how the request is insufficient.

(c) Within five (5) calendar days of receipt of notification that a party believes a due process hearing request is insufficient, the independent hearing officer must:

- (1) make a determination on the face of the due process hearing request of whether it meets the requirements set forth in section 3(b) of this rule; and
- (2) immediately notify the parties in writing of that determination.

If the hearing officer determines that the notice is not sufficient, the hearing officer's decision must identify how the notice is insufficient, so that the filing party can amend the notice if appropriate.

(d) A party may amend its due process hearing request only if the:

- (1) other party:
 - (A) consents in writing to the amendment; and
 - (B) is given the opportunity to resolve the due process hearing request issues through a resolution meeting held under section 6 of this rule; or
- (2) hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five (5) days before the due process hearing is scheduled to begin.

(e) If a party files an amended due process hearing request, the:

- (1) timelines for the resolution meeting in section 6(a) of this rule; and

(2) resolution process in section 6(i) of this rule;
begin again with the filing of the amended due process hearing request.

(f) If the due process hearing request is:

- (1) determined insufficient; and
- (2) not amended;

the due process hearing request may be dismissed.

511 IAC 7-45-5 Responding to the request for a due process hearing

Sec. 5. (a) The party receiving the due process hearing request must, within ten (10) calendar days of receiving the due process hearing request, send to the other party a response that specifically addresses the issues raised in the due process hearing request.

(b) If the party receiving the due process hearing request is the public agency and it has not sent written notice in accordance with 511 IAC 7-40-4(e) or 511 IAC 7-42-7 to the parent regarding the subject matter contained in the parent's due process request, the public agency must, within ten (10) calendar days of receiving the due process hearing request, send a response to the parent that includes the following:

- (v) report;

the public agency used as the basis for proposed or refused action.

(C) Other factors that are relevant to the public agency's proposed or refused action.

(c) A response by the public agency under subsection (b) shall not be construed to preclude the public agency from asserting, when appropriate, that the parent's due process request was insufficient under section 4 of this rule.

511 IAC 7-45-6 Resolution meeting

Sec. 6. (a) Within fifteen (15) calendar days of receiving notice of the parent's due process hearing request, and prior to the initiation of a due process hearing, the public agency must convene a meeting with the parent and the relevant members of the CCC who have specific knowledge of the facts identified in the due process hearing request, as determined by the parent and the public agency.

(b) A public agency does not have to convene a resolution meeting if the due process hearing request was made by the public agency.

(c) The purpose of the resolution meeting is for the parent to discuss the:

- (1) due process hearing request; and
- (2) facts that form the basis of the request;

so that the public agency has the opportunity to resolve the dispute that is the basis of the request. Resolution meetings must be conducted according to this section.

(d) The resolution meeting need not be held if the parents and the public agency agree:

- (1) in writing to waive the meeting; or
- (2) to use the mediation process described in section 2 of this rule.

Mediation does not extend the thirty (30) day resolution process timeline in subsection (f) unless the parties agree in writing to extend the process.

- (e) The resolution meeting:
- (1) must include a representative of the public agency that has decision making authority on behalf of that agency; and
 - (2) may not include an attorney of the public agency unless the parent is accompanied by an attorney.
- (f) If the public agency has not resolved the dispute that is the basis for the due process hearing request to the satisfaction of the parent within thirty (30) days of the receipt of the due process hearing request, the forty-five (45) day due process hearing timeline in section 7 of this rule will commence. The forty-five (45) day timeline also commences the day after each of the following events:
- (1) Both parties agree in writing to waive the resolution meeting.
 - (2) After either the mediation or resolution meeting starts, but before the end of the thirty (30) day resolution period, the parties agree in writing that no agreement is possible.
 - (3) Both parties agree in writing to continue the mediation at the end of thirty (30) day resolution period, but later the parent or the public agency withdraws from the mediation process.
- (g) Except as provided in subsection (f), the failure of the parent requesting a due process hearing to participate in the resolution meeting will delay the timelines for the:
- (1) resolution process; and
 - (2) due process hearing;
- until the meeting is held.
- (h) The public agency must keep a record of its attempts to secure the participation of the parent in the resolution meeting, such as the following:
- (1) Detailed records of:
 - (A) telephone calls made or attempted; and
 - (B) the results of the calls.
 - (2) Copies of:
 - (A) correspondence sent to the parent; and
 - (B) any responses received.
 - (3) Detailed records of:
 - (A) visits made to the parent's home or place of employment; and
 - (B) the results of those visits.
- (i) If the public agency is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented in accordance with subsection (h), the public agency may, at the conclusion of the thirty (30) day period in subsection (f), request that a hearing officer dismiss the parent's due process hearing request.
- (j) If the public agency fails to hold or participate in the resolution meeting specified in subsection (a) within fifteen (15) days of receiving notice of a parent's due process hearing request, the parent may seek the intervention of a hearing officer to begin the forty-five (45) calendar day due process hearing timeline.

- (m) In addition to the enforcement mechanisms in subsection (k)(2), a written, signed resolution agreement under this section is enforceable through the complaint process in section 1 of this rule. However, use of the complaint process:
- (1) is not mandatory; and

- (2) does not delay or deny a party the right to seek enforcement of the resolution agreement in a:
 - (A) state court of competent jurisdiction; or
 - (B) district court of the United States.

Sec. 7. (a) If the due process hearing is requested by the public agency:

- (g) The party requesting the due process hearing may not raise issues at the hearing that were not raised in the due process hearing request unless the other party agrees otherwise. However, nothing in this rule shall be construed to preclude a party from filing a separate due process hearing request on an issue separate from the due process hearing already requested.
- (h) At least five (5) business days prior to the hearing, each party shall disclose to all other parties all evaluations completed by that date and recommendations based on the offering party's evaluations that the party intends to use at the hearing. - (k) The decision of the independent hearing officer shall be based solely upon the oral and written evidence presented at the hearing. In addition, an independent hearing officer's determination of whether a student received a free appropriate public education must be based on substantive grounds. In matters alleging a procedural violation, an independent hearing officer may find that a student did not receive a free appropriate public education only if the procedural inadequacies:
- (1) impeded the child's right to a free appropriate public education;
 - (2) significantly impeded the parent's opportunity to participate in the decision making process regarding the provision of a free appropriate public education to the parent's child; or

Funds under Part B of the Individuals with Disabilities Education Act may be used to pay the costs of conducting the hearing, but the funds shall not be used to pay attorney's fees or costs of a party.

(r) Class action due process hearings are not permitted. If the parties and the independent hearing officer agree to a hearing involving two (2) or more students, a separate decision with specific findings of fact, conclusions of law, and orders, if necessary, shall be written for each student.

(s) If the issue of the proceedings involves initial enrollment in a public school, the student, with the consent of the parent, shall be placed in the public school program until the completion of the proceedings. If the parties cannot agree to the student's placement during the proceedings, the independent hearing officer shall determine the student's placement as a preliminary matter to the conduct of the due process hearing.

(t) If the issue of the proceedings involves initial enrollment in a public school for a student who is transitioning from Part C of the Individuals with Disabilities Education Act to Part B of the act, and the student is no longer eligible for Part C services because the student has become three (3) years of age, the public agency is not required to provide the Part C services that the child had been receiving. 511 IAC 7-45-10 Expedited due process hearings and appeals

Sec. 10. (a) An expedited due process hearing will be conducted in the following situations:

- (1) The parent requests a hearing because the parent disagrees with:

(B) the public agency's decision regarding the student's disciplinary change of placement under 511 IAC 7-44-3.

(2) The public agency requests an expedited hearing because the public agency maintains that it is dangerous for the student to return to the current placement (placement prior to removal to the interim alternative educational setting) after the expiration of the student's placement in an interim alternative educational setting.

(b) An expedited due process hearing shall be conducted under IC 4-21.5-3 and sections 3 through 8 of this rule, except that:

(B) result in a determination within ten (10) instructional days after the hearing;

(2) a resolution meeting under section 6 of this rule must occur within seven (7) calendar days of the date the hearing request was received by the public agency, unless the parties agree:

(A) in writing to waive the resolution meeting; or

511 IAC 7-45-11 Attorney's fees

Sec. 11. (a) Independent hearing officers shall include a notice in their written decisions stating that an action for attorney's fees must be filed in a civil court with jurisdiction within thirty (30) calendar days after receipt of the independent hearing officer's final decision if no request for judicial review is filed in federal or state civil court.

(b) A court, in its discretion, may award reasonable attorney's fees and related costs to:

(1) a prevailing party who is the:

(A) parent of a child with a disability; or

(B) department of education or a public agency against the attorney of a parent who:

(i) files a due process hearing request or subsequent cause of action that is frivolous, unreasonable, or without foundation; or

(ii) continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or

(2) the prevailing department of education or the public agency against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to:

(A) harass;

(B) cause unnecessary delay; or

(C) needlessly increase the cost of litigation.

(c) Attorney's fees awarded shall be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded.

(d) Attorney's fees may not be awarded and related costs may not be reimbursed in any action or proceeding for services performed subsequent to the time of a written offer of settlement to a parent if:

- (1) the offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than ten (10) calendar days before the proceeding begins;
- (2) the offer is not accepted within ten (10) calendar days; and
- (3) the court finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(e) Notwithstanding subsection (d), a court may award attorney's fees and related costs to a parent who:

- (1) is the prevailing party; and
- (2) was substantially justified in rejecting the settlement offer.

(f) Attorney's fees may not be awarded relating to any meeting of the CCC unless such meeting is convened as a result of an administrative proceeding or judicial action. A resolution meeting shall not be considered a meeting convened as a result of an administrative hearing or judicial action. Attorney's fees may not be awarded for a mediation described in section 2 of this rule that is conducted prior to the filing of the due process hearing.

(g) Unless a court finds that the department of education or the public agency unreasonably protracted the final resolution of the action or proceeding or any other violation of this rule, a court reduces, accordingly, the amount of attorney's fees awarded if the court finds any of the following:

- (1) During the course of the action or proceeding, the parent, or the parent's attorney, unreasonably protracted the final resolution of the controversy.
- (2) The amount of attorney's fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of comparable skills, reputation, and experience.
- (3) The time spent and legal services furnished were excessive considering the nature of the action or proceeding.
- (4) The attorney representing the parent did not provide to the public agency appropriate information in the due process hearing request under sections 3 and 4 of this rule.

(h) A public agency may not use funds under Part B of the Individuals with Disabilities Education Act to pay attorney's fees or costs of a party related to an action or procedure under the Individuals with Disabilities Education Act and this article.

Sec. 2. (a) On December 1 of each year, each public agency must count the number of school age students identified as disabled and receiving a free appropriate public education consistent with the requirements of this article on that date. (3) A duplicated count of students in programs for communication disorders, even if the student is served in another program.

(d) The state child count report must also include a cumulative count of students who received homebound instruction up to and including December 1 of the current year and each student who received homebound instruction after December 1 of the prior school year. (b) The department of education must, not later than February 5 each year, report to the Indiana state budget committee an unduplicated count of students in preschool special education programs. This count determines the amount of state preschool special education funds available to public agencies for the operation of special education programs.

(c) The department of education must do the following:

Sec. 1. (a) To the extent that state funds are appropriated, the state superintendent of public instruction is authorized, under IC 20-35-6-2, to enter into contracts to fund the excess costs of educating students whose disabilities are of such intensity as to preclude achievement in the existing local public school setting. Excess cost funding may pay for services that include, but are not limited to, the following:

- (1) A public or private residential program when services in a residential setting are necessary for the student to benefit from special education.
- (2) Nonresidential services necessary to enable the student to remain in the community without resorting to residential placement or to return to the local community from a residential placement.

(b) The division of special education must establish an application process described in a procedure manual that includes requirements for applications of excess cost funding. The division is authorized to revise the procedure manual as needed.

(c) A school corporation of legal settlement or a charter school may apply to the division of special education for excess cost funding when a student's CCC has determined, in accordance with 511 IAC 7-42, that a student requires services involving excess costs. However, nothing in this rule restricts a public agency from utilizing its own resources to pay for excess costs.

(d) When an application for funding of excess costs has been approved, in whole or in part, the superintendent of public instruction will contract, as authorized by IC 20-35-6-2, or arrange an interagency transfer of funds, to pay for excess costs. The school corporation of legal settlement or the charter school must pay a share of the excess costs consisting of its per capita cost of general education, its paraprofessional rate, or transfer tuition. Approval of an application for excess cost funding cannot be retroactive, and expenses incurred prior to the date of approval are not eligible for reimbursement.

511 IAC 7-47-2 Appeal from denial of application

Sec. 2. (a) The division of special education's denial of an application for excess cost funding is a denial of funding, not a denial of services. The division of special education's denial is not a disagreement with a student's CCC regarding appropriate services for the student or the provision of a free appropriate public education. A denial means that the application did not:

- (1) include required information; or
- (2) demonstrate eligibility for excess cost funding.

(b) When an application for excess cost funding is denied, in whole or in part, by the division of special education, the school corporation of legal settlement or the governing body of the charter school may appeal the denial by requesting a hearing. As follows, the hearing request must:

- (1) Be sent to the superintendent of public instruction by certified mail within thirty (30) calendar days of the date the division of special education denied the application for excess cost funding. For purposes

of this rule, the date of denial by the division of special education is the date when the notice of denial was sent to the applicant.

(2) Explain why the application should be approved, including how the application contains the required information necessary to demonstrate eligibility for excess cost funding.

(c) Upon receipt of a hearing request, the superintendent of public instruction must select three (3) employees from the department of education to serve on the hearing appeals panel, designating one (1) member of the panel to serve as the panel's chairperson. Members of the panel cannot be from the division of special education.

(d) A hearing must be scheduled before the hearing appeals panel within thirty (30) calendar days from the receipt of the request by the superintendent of public instruction. The hearing appeals panel chairperson must give at least ten (10) calendar days notice of the hearing date, time, and location to the party appealing the denied application.

(e) The appealing party and the department of education must submit six (6) copies of written materials to the hearing appeals panel not later than five (5) days prior to the hearing.

(f) At the hearing, the parties may:

(1) present evidence:

(A) in writing; and

(B) through witnesses; and

(2) be represented by counsel.

The length and order of the presentation will be determined by the hearing appeals panel chairperson.

(g) If the appealing party or authorized representative fails to appear at the designated date, time, and location of the hearing, the:

(1) appeal shall be considered closed; and

(2) process terminated.

(h) Not later than ten (10) calendar days after the hearing, the hearing appeals panel must issue a written decision, including findings of fact and reasons for the decision. The written decision must be sent by certified mail to the party appealing the denial of application.

(i) If the hearing appeals panel does not rescind the division of special education's denial of application, the applicant may appeal to a civil court of competent jurisdiction within thirty (30) calendar days of the applicant receiving the decision of the hearing appeals panel.
