Summer Enrichment Work:

The summer academic enrichment reading and math assignments are designed to prepare scholars for the work that lies ahead at the next grade level. It is imperative that scholars complete the assigned reading and math packet by Friday, August 7th, at which time the packets will be graded and used as one of your scholars first grades for the 2020-21 academic year. All scholars, home learning and in-person, will be responsible for completing the summer enrichment assignments. In-person scholars will be required to turn in the packets to their homeroom teacher and home learning scholars are expected to drop off their packets to the main office in the dropbox or to Ms. Jacqui.

The math and reading assignments are included in this mailing and should be completed in their entirety. Scholars are to complete both packets by Friday, August 7th. If you have any questions about the packets, please reach out to Ms. Jacqui, Office Manager, at jbenford@avondalemeadowms.org.
